EXECUTIVE PROFILE

B.Tech Computer Science & Engineering undergraduate (2024–2028) specializing in Artificial Intelligence & Machine Learning (AI & ML), with an intensive trajectory across Web Development, UI/UX Engineering, Cinematic Video Editing, and Motion Design.
Driven by an ethos of building intelligent software paired with striking visual craftsmanship.

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science & Engineering — 2024 - 2028

Specialization: Artificial Intelligence & Machine Learning (AI & ML)

Core Foundations: Neural Networks, Machine Learning, Data Structures & Algorithms, Computational Math.

TECHNICAL & CREATIVE COMPETENCIES

Core CS, AI & ML:	Python, C++, Java, Machine Learning, Neural Networks, Data Structures & Algorithms
Web & UI/UX Development:	HTML5, CSS3, Tailwind CSS, Modern JavaScript, TypeScript, Responsive Prototyping
Video Editing & Motion Design:	Adobe Premiere Pro, After Effects, Kinetic Typography, Visual Effects, Color Grading
Tooling & Workflow:	Git, GitHub, VS Code, Visual Studio, Vite, Modern CLI & Build Pipelines

ENGINEERING & CREATIVE WORK

Independent Creative Developer & UI/UX Designer — 2024 - Present

- Engineered interactive, responsive web applications with modern physics, shaders, and scroll choreography.
- Designed end-to-end UI/UX systems prioritizing spatial math, typographic hierarchy, and clean modern aesthetics.
- Developed full-stack prototypes integrating artificial intelligence and machine learning concepts.

Motion Designer & Video Editor — 2024 - Present

- Authored cinematic video edits and dynamic timeline post-production with Premiere Pro and After Effects.
- Created custom motion graphics, synchronized visual effects, sound design, and color grading.
